REASON FOR RECOMMENDATION: At the request of the Department of Transportation, the Procurement and Contracts Division issued an invitation to bid for road material hauling services. The hauling services are for the provision of transporting road materials from the point of purchase to a designated stock pile for work-site where road maintenance is being performed.

Ten (10) Invitations to Bid were mailed, four (4) to local vendors. Six (6) qualified bid responses were received, three (3) from a local vendors. The bid results are provided on the attached intent to award announcement.

The Board should be advised that the Purchasing Agent executed an interim contract for these services with the recommended vendor in order to meet the Department of Transportation's immediate need for the services. The vendor that was under contract to perform the services, Johal Enterprises, (agreement #892-S0811) has been unable to provide current proof of insurance which has resulted in the Department's inability to utilize their services and, as such, the vendor has not complied with the requirements of the agreement necessitating an interim contract. The interim

contract was effective May 15, 2009, and will be superseded by the contract resulting from award of this bid.

FISCAL IMPACT/CHANGE TO NET COUNTY COST: Procurement and Contracts has been advised that funding is available with the Department of Transportation's Road Fund.

ACTION TO BE TAKEN FOLLOWING APPROVAL: Following Board approval, 1) the Department of Transportation will process an agreement for services for an amount not to exceed \$170,000.00 with Blain Stumpf Trucking of Shingle Springs, CA and will submit same to the Purchasing Agent for signature upon County Counsel and Risk Management review and approval and 2) agreement 892-S0811 with Johal Enterprises will be terminated.
