Chief Administrative Officer, based upon the preliminary findings of the Auditor-Controller, recommending the Board make amendments as necessary to the County's 2009-2010 budget in order to facilitate final close of the books. These amendments may include transfers from County General Fund Contingency to individual department budgets as appropriate and necessary. The Auditor-Controller will have identified those departments, if any, needing these transfers and their source by the time this item is heard by the Board and will provide a report to the Board on the amounts by department. (4/5 vote is required).
