FUNDING: State Funding: 100% Mental Health Services Act.

DISCUSSION / BACKGROUND:

In 2004, California voters passed Proposition 63, the Mental Health Services Act (MHSA). MHSA imposes a one (1) percent tax on personal income in excess of \$1,000,000. The funds from the tax are distributed to California counties and are intended to transform the Mental Health System into one that is consumer and family driven, is recovery-oriented, accessible and culturally competent, and offers services appropriate for the population that is served.

Under MHSA, each county is required to develop a Three-Year Program and Expenditure Plan (Plan), followed by two subsequent years of Annual Updates to the original Plan. The purpose of the Annual Update is to review existing projects and to make deletions, modifications, or additions to the original Plan. Therefore, planning, implementing, and updating each Plan and Annual Update is an ongoing, annual process.

MHSA established five (5) components that address specific goals for priority populations and key community mental health needs. Prevention and Early Intervention, one component of MHSA, focuses on education, supports, early interventions and a reduction in disparities for underserved groups seeking access to mental health services. This Agreement with EDCA Lifeskills, Inc. (EDCA) for Friendly Visitor Project (FVP) services will implement prevention and early intervention strategies for the older adult population in the County of El Dorado. The goal of the FVP is to help older adults overcome physical and mental health risks associated with isolation and loneliness. FVP is accessible to older adults, providing friendly visitor volunteers who can meet older adults in their homes or in familiar community settings.

This Agreement is in accordance with the FY 2020-23 MHSA Plan adopted by the Board on June 9,

2020 (File ID: 20-0446). In addition, the Health and Human Services Agency (HHSA) is recommending the Board approve the Director of HHSA to execute three (3) one year extensions based on successful performance, thereby ensuring no lapse in services from the time the next MHSA Plan is submitted to Board for approval, and the availability of a new agreement. These one-year extensions of term are contingent on the Board approval of the related MHSA Plan or Annual Update. Should the need arise to increase compensation to accommodate the extended term, HHSA will return to the Board with an amendment to the Agreement.

ALTERNATIVES: Should the Board decline to approve this recommendation, HHSA would continue to provide services through existing contracts; however, HHSA may be out of compliance with the FY 2020-23 MHSA Plan, and California Proposition 63.
