Background

The Health and Human Services Agency (HHSA) Senior Day Care (SDC) Program is designed to meet the needs of adults who are homebound or isolated due to a stroke, Alzheimer's disease, or other debilitating mental or physical condition. The Senior Day Care Program provides its participants with enriching educational, therapeutic, and social experiences outside the home and offers respite for caregivers. The County has operated the Senior Day Care Program in Placerville since 1989 and opened a satellite Senior Day Care site in El Dorado Hills on March 31, 2014.

SDC offers participation in the Elder ID program and Care Trak™ program to families of individuals with dementia who wander. Services include registration with local law enforcement agencies and the SDC program, maintenance of identification information, and the lease of tracking equipment. On April 29, 2014, HHSA submitted a grant application to the Friends of El Dorado County Seniors requesting funds in the amount of \$660.58 to fund printing and mailing of program brochures and the purchase of seven C12 transmitter testers for the Care Trak™ program tracking equipment. The Friends of El Dorado County Seniors awarded funding in the amount of \$400 for the purchase of the testers which will ensure the tracking equipment available for lease is functioning properly.

On June 17, 2014, the Board of Supervisors accepted a grant award in the amount of \$1,447.79 from the Women's Fund El Dorado for the purchase of a washer/dryer combination at the El Dorado Hills

Senior Day Care satellite center.

Reason for Recommendation

Acceptance of the award from the Friends of El Dorado County Seniors and approval of Agreements 093-F1511 and 094-F1511 will allow the SDC program to use the grant funds for the purchase of the designated equipment.
