DISCUSSION/BACKGROUND

The Silver Fork Road at South Fork American River Bridge was built in 1953 and is located in Kyburz, approximately 0.1 miles southeast of Highway 50. The sufficiency rating of the structure is 64 out of 100 per the inspection report, which qualifies the bridge for rehabilitation in accordance with Federal Highway Administration guidelines.

The Project includes rehabilitation of the existing bridge, widening of the bridge deck and improvements to the bridge approaches. The Board adopted the California Environmental Quality Act Mitigated Negative Declaration on February 10, 2015 (Item No. 11).
