DISCUSSION / BACKGROUND

Community Hubs are a partnership between First 5 El Dorado, the El Dorado County (EDC) Library, EDC Early Care and Education Planning Council, EDC Child Abuse Prevention Council, and EDC Health and Human Services Agency (HHSA). The Community Hubs' vision is to create healthy and strong communities throughout El Dorado County by building resiliency with families through collaborative community-based prevention and early intervention services. Community Hubs are organized by Supervisorial and Educational Districts and provide services in libraries, schools, childcare centers, and other locations where families with children naturally gather. Each Hub is staffed by a team of family engagement, literacy, and health specialists who offer classes, groups, and activities for expectant parents and families with children ages 0-18 and adults. The Board approved prior agreement 071-F1711 that provided similar services for the period of July 1, 2016, through June 30, 2021, with Legistar item 16-0554; prior Agreement for Services 5766 that is almost identical in scope, for the period of July 1, 2021, through June 20, 2022, with Legistar item 21-0897; and on June 20, 2023, with Legistar file 23-1040. Community Hubs are unique in that they leverage a variety of public funds and collaborative partners.

The partnership revised the Community Hubs team model (Hubs 2.0) last year to have three navigators: one Hub Navigator based at the library to facilitate a connection to services for all community members (birth through death), one Library Navigator to coordinate access to and promotion of library services across all ages, and one Community Navigator to engage populations outside the library who experience barriers to accessing services such as transportation, language, or knowledge.

Agreement for Services 8851 funds the provision of professional services for Community Hubs 2.0 including Early Literacy, Navigation, Hub Coordination, and Child Care Outreach that support the Goals and Objectives of the STRATEGIC PLAN of the First 5 El Dorado Commission. Agreement for Services 8851 also provides El Dorado County with funding for Early Childhood Literacy Specialists to train and assist childcare providers at Family Child Care sites as part of an innovative program that partners with the El Dorado County Office of Education to support high quality child care in the County.
