Health and Human Services Agency recommending the Board adopt and authorize the Chair to sign a Proclamation to recognize April 7, 2019 through April 13, 2019 as “National Animal Care and Control Appreciation Week” in the County of El Dorado.

FUNDING: N/A

DISCUSSION / BACKGROUND:

The National Animal Care & Control Association began presenting national awards in 1988 at their annual training conference. This recognition is of the men and women who dedicate their lives to preserving the human/animal bond by insisting upon responsible pet ownership.

The County’s Animal Services Officers are available twenty-four (24) hours each day, seven (7) days each week, every day of the year. Animal Services support staff care for all of the animals located at each of the two County animal shelters every day, regardless of weather conditions.

Each Animal Services Officer must pass and maintain the necessary law enforcement training to effectively perform their duties in the field. They are often called upon to accompany local law enforcement to remove and care for animals when local law enforcement needs Animal Services’ assistance. Their service extends to disasters, emergencies, and various rescues including a recent extraction of a horse stuck in the window of a barn, and the rescue of a dog from the back country. In addition, Animal Services provides assistance to other counties when requested for mutual aid in response to a disaster or emergency in the requesting county, such as the Camp Fire in Butte County that occurred in November 2018.
