Fiscal Impact/Change to Net County Cost:

Funding for this portion of the acquisition process will be provided by Highway Safety Improvement Program Funds and Regional Surface Transportation Program Exchange funds.

Background:

The Department of Transportation (Department) is currently in the design phase to widen two high-

risk segments of Cold Springs Road just north and south of Mount Shasta Lane and from Skyview Lane to Fox Print Court in Placerville.

The Cold Springs Road at Mount Shasta Lane Realignment Project (Project) is subject to the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA). The preparation of a CEQA Mitigated Negative Declaration and a NEPA Categorical Exclusion is currently underway. The CEQA Mitigated Negative Declaration will be presented to the Board at a later date.

Reason for Recommendation:

The research of all potentially affected parcels and the acquisitions of portions of the subject parcels are necessary from the subject property owners to enable the construction of the Project improvements. In order for the Department to prepare for negotiations with said owners, the Department is requesting authorization from the Board to proceed with the acquisition process, including ordering and payment of title reports and certified appraisals of the land rights to be acquired.

Action to be taken by the Department following Board approval:

The Department will proceed with the acquisition process for the subject parcels referenced herein, including ordering and payment of title reports and certified appraisals for the portions of the subject parcels necessary to construct the Project.
