Background:

Reason for Recommendation:

On December 5, 2006 the Board of Supervisors approved the implementation and use of a standard format for an Affordable Housing Agreement (Developer's Agreement) and an Affordable Housing and Buyer's Occupancy and Resale Restriction Agreement (Buyer's Agreement) for use in developing affordable housing projects and preserving the affordability of the housing units. La Crescenta Association, LLC's proposed project, known as Sierra Oaks Condominiums, requires modifications to the standard format of these Agreements. Said modifications include clarification of the language that separates the developer's responsibilities from the property upon transfer of title to an eligible buyer and replacing references to new construction projects with conversion project language. The Sierra Oaks Condominium Project is a conversion of a 72-unit apartment project located in Cameron Park into a condominium project that will include four (4) affordable housing units available to moderate income households. In order for the project to proceed, the Developer's Agreement must be executed between La Crescenta Association, LLC and the County. The Buyer's Agreement, which will be executed when individual units are sold, guarantees that the units remain available to moderate income households for no less than twenty (20) years. Modifications to the Developer's Agreement and Buyer's Agreement have been reviewed and approved by County

Counsel. Delegation of Authority to Process Contracts, attached, has been granted to the Department by the Purchasing Agent relative to Developer's Agreements and Buyer's Agreements.

Copies of the Affordable Housing Developer's Agreement and Affordable Housing Buyer's Occupancy and Resale Restriction Agreement are attached and on file with the Board Clerk.

Action to be taken following Board approval: Director of Human Services will execute the Developer's and Buyer's Agreements for the Sierra Oaks Condominium Project.
