Background

The Probation Department has been continuously operating the electronic Monitoring Program (EMP) since 2006 to provide home detention services as a custody alternative for appropriate low risk offenders. The department has the necessary expertise in this area and has necessary contracts with several vendors (BI, Inc., 3M EM, Inc. and CHI, Inc) providing electronic and GPS monitoring equipment.

On April 4, 2011 Governor Jerry Brown signed into law Assembly Bill (AB) 109 referred to as 2011 Public Safety Realignment. AB 109 was later modified by AB 117. Both bills taken together create extensive changes to existing law which will reduce the number of offenders incarcerated in state prison and "realigns" these offenders to local law enforcement entities who are now responsible to manage the specified offenders.

Reason for Recommendation

CHI Monitoring, LLC., is one of the multiple contracts the Probation Department has in place to provide a variety of EMP services on an as-needed basis to manage the specified offenders.

Action(s) to be taken following Board approval

1. Chair shall sign two originals of Agreement No. 453-S1211
2. Clerk of the Board shall return one original Agreement to Probation.
3. Probation shall forward the original to CHI Monitoring, LLC. with a copy of the executed agreement forwarded to Procurement and Contracts.
