Background:
Additional rock is needed on the Rubicon Trail. Erickson Aircrane was unable to meet the date originally requested. El Dorado County received a call from Erickson AirCrane that they have an opening on September 27, 2012 to fly the additional rock before the weather changes.

Reason for Recommendation:
This is the most economical way to get the rock to this location.

Action to be taken following Board approval:
1) Execute a contract with Erickson Aircrane
