### **Fiscal Impact/Change to Net County Cost**

Acquisition costs are \$95,600 with title and escrow fees estimated at \$1,500 for a total estimated cost of \$97,100. Funding for the acquisition process will be provided by the El Dorado Hills Traffic Impact Mitigation Fees - Silva Valley Interchange Set Aside Fund.

### **Background**

The Department of Transportation (Department) is working to advance the U.S. 50/Silva Valley Parkway Interchange - Phase 1 Project (Project), which will include a six lane overcrossing (four through lanes and two deceleration lanes to the loop on-ramps), new signalized diagonal off-ramps, diagonal on-ramps, and loop on-ramps. The mainline will be improved to include east and west auxiliary lanes between El Dorado Hills Boulevard and the new interchange.

The Project is subject to the California Environmental Quality Act (CEQA). On June 28, 2011 the Board certified the CEQA Supplemental Environmental Impact Report and approved the Project and authorized the Department to proceed with the acquisition process for the land rights necessary for the construction and completion of the Project.

### **Reason for Recommendation**

Negotiations have concluded with the property owner, Serrano Associates, LLC, and a settlement has been reached that is representative of the fair market value of the necessary land rights. Project construction is scheduled to begin in spring 2013.

### **Action(s) to be taken following Board approval**

1. The Acting Clerk of the Board will obtain the Chair's signature on the Acquisition Agreement for Public Purposes and the Certificates of Acceptance for the Grant Deed and the Grant of Slope and Drainage Easement.
2. The Acting Clerk of the Board will return all executed documents to the Department for final processing.
