Background

In accordance with Public Contract Code 22050 and County Ordinance Section 3.12.160, on April 10, 2012, Legistar File # 12-0437, the Board declared an emergency to purchase and replace critical equipment in the Placerville Jail. As a result the County Facilities Management Division contracted with Johnson Controls of Roseville, California for the purchase and installation of three (3) new MODCON 850 hot water boilers that provide hot water to the inmates

Reason for Recommendation

The Board is being asked to make findings that it is more economical and feasible to contract out the preventative maintenance of the boilers in accordance with Chapter 3.13, Section 3.13.030 as the contractor will provide the equipment, maintenance, and skilled personnel to provide the necessary preventative maintenance to ensure that the new units are functioning properly.

Action(s) to be taken following Board approval

The Purchasing Agent will execute the agreement for the preventative maintenance services and any subsequent amendments that may be required to continue with the needed services.
