Fiscal Impact/Change to Net County Cost

No change to Net County Cost. The South Lake Tahoe Library is funded primarily from taxes and charges for services (84%) with a Net County Cost of \$90,927 (16%). The Georgetown Library is also funded primarily from taxes and charges for services (73%) with a Net County Cost of \$38,546 (27%).

Background

Resolutions 361-2004 and 362-2004, approved by the Board on November 30, 2004, proposed a special tax for library services for South Lake Tahoe (Zone F) and Georgetown (Zone G). This tax was approved by the voters on March 8, 2005. The Resolutions state the tax rate is to be increased annually in proportion to the increase in the Consumer Price Index, for the San Francisco Area, most recently available prior to the date of the increase, provided that the increase does not exceed three percent (3%).

Reason for Recommendation

The most recently available Consumer Price Index (CPI), for the San Francisco Area, indicates an increase of 2.8% from April 2013 to April 2014. The 2013-2014 tax of \$18.00 per parcel would increase 2.8% to \$18.50 per parcel in 2014-2015. The CPI for California for the same period indicates an increase of 1.9%. Based on parcel counts, the Library anticipates parcel tax revenue of \$428,000 in South Lake Tahoe and \$88,000 in Georgetown. This revenue is included in the 2014-2015 Recommended Budget.

Action(s) to be taken following Board approval

Auditor-Controller to place the library parcel tax on the 2014-2015 tax roll.
