**FUNDING:** Various Federal, State, Local and Accumulative Capital Outlay Funding Sources. **Fiscal Impact/Change to Net County Cost** 

Funding changes for the 2014 Capital Improvement Program (CIP) Mid-Year update are included in the FY 2013/14 Mid-Year Budget Update.

### Background

On June 24, 2014, the Board adopted the 2014 CIP, which included a Current Year work plan, a 5-Year CIP, a 10-Year CIP, and a 20-Year CIP. On September 16, 2014, the Board approved updates to the 2014 CIP. Since September 16, 2014, the majority of projects remain within budget and on schedule. However, a number of CIP revisions are necessary to reflect more accurate forecasts for project cost and/or schedule for FY 2014/15. Refer to Attachment 7A for more detail.

The County is working with the Federal Highway Administration on design and construction for asphalt concrete rehabilitation of 7.1 miles of Ice House Road from Wentworth Springs Road near MP 23.94 to Loon Lake near MP 31.06 (Ice House Road Surface Rehabilitation Project - CIP #72187). On March 4, 2014, the Board approved the County's participating cost in Sacramento Municipal Utility District (SMUD) funds in the amount of \$620,920 for this project. The Board also authorized the Acting Community Development Director, or successor, to amend the Reimbursable Agreement for FLAP Funding Agreement No. DTFH68-14-E-00049 for all minor modifications as necessary throughout the term of the agreement for the project

The bids received by FLAP on the Ice House Road Surface Rehabilitation Project came in higher than the engineer's estimate, increasing the overall cost of this project to \$5,803,486. In order to continue this project, TD will require the Board's approval to budget an additional amount up to \$150,000 in in SMUD funding, for a total of up to \$770,920, to meet required matching funds.
