### DEPARTMENT RECOMMENDATION:

Referral to specialized domestic violence programs is State-mandated for both the CalWORKs Welfare-to-Work (WTW) and Child Protective Services (CPS) programs. Pursuant to Welfare and Institutions Code Sections 11322.6 and 11325.8, Health and Human Services Agency (HHS) is required to provide WTW clients with domestic violence counseling services to assist in the prevention, reduction, and elimination of family violence with the intention of removing barriers to clients obtaining self-sufficiency. Additionally, Welfare and Institutions Code Sections 16501-16508, requires HHS to provide counseling services that promote reunification of children and families in the CPS program.

Approval of this Agreement 008-S1610 will allow HHSA to provide therapeutic counseling and related services for those eligible individuals, thus ensuring HHSA meets the mandates of the funding source.

### **DISCUSSION / BACKGROUND:**

HHSA WTW and CPS program staff are responsible for evaluating the services necessary to support families who are clients of HHSA. Specific and specialized services, such as domestic violence counseling services, are selected by HHSA staff to assist individuals in overcoming various obstacles with the goal of improving the client's quality of life.

The purpose of the WTW program is to help underemployed and unemployed parents who receive CalWORKs cash aid to learn work skills and find work so that they are able to support their families. The WTW program serves all 58 counties in the State and is operated locally by each county welfare department. The assistance each client receives depends on their current family, family size, and unique situation.

The child welfare program is a group of services designed to promote the well-being of children by ensuring safety, achieving permanency, and strengthening families to successfully care for their children. To meet the needs of these children and their families, specific and specialized services are selected by CPS staff to assist individuals to overcome obstacles, with the goal of improving each child's and each client's quality of life.

Live Violence Free has worked closely with HHSA for approximately 6 years to ensure "as requested" referrals and client access to appropriate services are provided in a timely manner to HHSA clients who reside in the South Lake Tahoe area. The services provided by Live Violence Free continue to be a successful tool to support HHSA clients in receiving services through its WTW and CPS programs.

### **ALTERNATIVES:**
