Fiscal Impact/Change to Net County Cost: The estimated FY 07/08 software perpetual software license agreement maintenance is $14,406.00

Background: Human Resources manages an agreement with SIGMA to provide on-going maintenance and support for the licenses, which are for a software product that provides on-line application and recruitment for the County of El Dorado

Reason for Recommendation: Human Resources brings this matter before your Board per BOS Policy C-17 to make the Board aware of an agreement that was approved by prior Boards, and, since

the perpetual software licenses have a maintenance component covering one or more years, we are requesting authorization to continue the license agreements and for the payment of the associated software maintenance for FY 07/08.

Because of the value we receive from this product and the high quality of support we receive from the contracted vendor, Human Resources recommends the continuation of theses perpetual agreements and requests approval for the continuation of the software maintenance agreement.

Action to be taken following Board approval: 1)Human Resources shall make payment upon receipt and approval of invoices. 2)Any future changes to terms and conditions of the agreement, other than authorized price increases, will be brought to your Board for approval.
