Human Resources Department, Risk Management Division, recommending Chairman be authorized to sign Budget Transfer 27337 increasing appropriations in the amount of \$100,000 for the County's Health Insurance program. (4/5 vote required).

BUDGET SUMMARY:		
Total Estimated Cost		\$100,000
Funding		
Budgeted	\$	
New Funding	\$100,000	
Savings	\$	
Other	\$	
Total Funding Available	\$	
Change To Net County Cost		\$0

Fiscal Impact/Change to Net County Cost: Additional revenue will be recognized and appropriations increased in order to fund the County's health plans. There is no impact to the County's Net County Cost.

Reason for Recommendation: The County has three major health care programs for its employees - Blue Shield, which is self-funded, Kaiser and Pacificare, which are fully insured. Estimates are made approximately 6 to 9 months prior to the fiscal year, as to costs and enrollment in the plans. During this fiscal year there has been a higher than anticipated enrollment in the Pacificare and Kaiser HMO plans creating additional expenditures and generating additional revenues. This budget transfer recognizes the additional revenues available, which have been collected due to the higher

enrollments.

Action to be taken following Board approval: Additional revenues will be recognized and appropriations increased in order to fund the County's health plans.
