### DEPARTMENT RECOMMENDATION

Community Development Agency, Development Services Division, recommending the Board approve the Final Map (TM 12-1507-F) for West Valley Village Lot 1 (Lot V) Subdivision.

### DISCUSSION / BACKGROUND

The 10.075 acre site identified by Assessor's Parcel Number 118-140-61 (Exhibit A) is located on the

northeast side of the intersection of Royal Oaks Drive and Latrobe Road in the El Dorado Hills area (Exhibit B).

West Valley Village is part of the Valley View Specific Plan, which was approved in December 1998. Five (5) lots in the West Valley Village were rezoned by the Board on February 25, 2014, including the project site, which was rezoned from Mixed Use to Core Residential (Exhibit C). This Final Map would create a total of 70 residential lots, which range from 2,988 to 4,290 square feet, and three (3) lettered lots for private roads, landscaping, and open space (Exhibit D). The Final Map conforms to the approved Tentative Map approved by the Planning Commission on May 8, 2014 (Exhibit E), and incorporates a reduction to the typical setback for Lot 36 as approved by the revision to the Tentative Map on May 4, 2016 (Exhibit F).

Exhibit G details the verification of the Final Map for conformance with the approved Conditions of Approval for the Tentative Map. County departments and affected outside agencies, including El Dorado Hills Fire Department, Community Development Agency Transportation Division (Transportation Division), and County Surveyor's Office, have recommended approval of the Map (Exhibit H). A meter award letter from El Dorado Irrigation District (EID) has been secured for public water, recycled water, and sewer services for the Subdivision (Exhibit I). The Subdivision Improvement Agreement, including the associated bonds, has been approved by the Transportation Division, subject to authorization by the Board Chair.

Environmental Review: The review of the Final Map is a ministerial process and is Statutorily Exempt from environmental review under Section 15268(b) (3) of the California Environmental Quality Act Guidelines.
