Chief Administrative Office recommending approval of a revised policy A-11 regarding County Responses to Grand Jury Reports, pursuant to the Good Governance Strategic Plan Goal and the expectation that Board policies be reviewed for any potential updates or revisions.

DEPARTMENT RECOMMENDATION

Chief Administrative Office recommending approval of a revised policy A-11 regarding County Responses to Grand Jury Reports, pursuant to the Good Governance Strategic Plan Goal and the expectation that Board policies be reviewed for any potential updates or revisions.

DISCUSSION / BACKGROUND

The Chief Administrative Office has developed the attached revised Policy A-11, which outlines the procedure for departments and the CAO's office to follow in the preparation of responses to Grand Jury Reports. This recommendation is driven in part by the Good Governance Goal of the County's Strategic Plan, which incorporates an objective that all Board policies are to be reviewed for possible updates.

The intent of this revision is to simplify the County's internal process for developing its responses to Grand Jury Reports. The requirements for responses to Grand Jury Reports, including the format of responses and timelines for submittal of responses, is clearly delineated in Penal Code (Section 933.05, etc.). Because these requirements are contained in Penal Code, it is recommended that the portions of the County Policy that restated the relevant code sections be removed and replaced with the specific code references. Additionally, it is recommended that the language that detailed the County's internal timeline and process for developing the responses and placing the draft responses on the Board agenda be abbreviated for clarity. The policy maintains the expectation that the Chief Administrative Office coordinate with respective County Departments in the preparation of the draft responses.

This policy update does not affect the work of the Grand Jury, nor change the overall requirements for the County to respond to Grand Jury Reports.

The Board could opt for approval of a revised policy with additional modifications, or maintain policy A -11 as currently written.
