FUNDING: General Fund.

DEPARTMENT RECOMMENDATION

The EDSO is recommending the signing of this Agreement to permit the use of trained paramedics from the El Dorado County Fire Protection District to assist the SWAT Team.

DISCUSSION / BACKGROUND

On September 23, 2014, the Board approved the original one-year Cooperative Service Agreement with the El Dorado County Fire Protection District for medical support for the SWAT Team by providing Tactical Medics (TMs) to provide medical support during call-outs, missions and training. The second agreement that was entered into was Contract #131-M1610 which was executed on 12/5/15 for a 2 year period. Amendment I to Contract #131-M1610 changed the term to 09/23/15-09/22/17 from 12/8/15-12/7/17. This new agreement will establish the term 09/23/17-09/22/19.

powered by Legistar™

Recognizing the dangerous conditions and potential for injury during tactical law enforcement deployments and trainings, the EDSO and the El Dorado County Fire Protection District have decided to continue this jointly developed Agreement for a two- year term to provide necessary personnel for on-scene medical care. The Fire Protection District employs full-time TMs who are trained to provide medical support in the field. These TMs will remain employed by the Fire Protection District and be compensated for their participation as needed by the EDSO.

This agreement is retroactive going back to September 23, 2017 due to delays with El Dorado County Fire Protection District and the Sheriff's Office finalizing all components of the Cooperative Service Agreement.

This Agreement sets forth the roles and responsibilities of the parties and establishes the guidelines to be followed for the use of the TMs by the County.
