DISCUSSION / BACKGROUND

In June 2016, the County engaged Koff and Associates (K&A) for the provision of professional

services to design, conduct, and assist in recommending an implementation approach of a classification (Phase I) and compensation (Phase II) study for all County positions. The overall goals of the classification and compensation study included: developing a competitive and fiscally responsible pay and benefit structure that is based upon market data and meets the needs of the County with regards to recruitment and retention of qualified staff; ensuring employees be recognized for the level and scope of work performed, and that they are paid on a fair and competitive basis, and ensuring class specifications reflect current programs, responsibilities, and technology.

In September 2017, the Human Resources Department requested and received Board approval (Legistar # 16-0098) to implement, in phases, the County-Wide classification study.

Human Resources began implementing the classification study on March 20th (Legistar # 18-0350).

The Human Resources Department has been working with departments (management and employees) and unions to finalize for Board consideration the newly proposed class specifications and allocation changes. Below are the recommendations by department which include the following:

1) Revised class specifications

- a) All sections in the class specifications were updated to better reflect the duties and responsibilities currently being performed and to be consistent with industry standards.

2) Reclassifications (allocation changes)

- a) Reclassifications/allocation changes are the result of Koff & Associates studying the positions and making recommendations to ensure that the duties currently being performed are in alignment with the correct classifications.
- b) In cases of downward reclassifications, the Human Resources Department is requesting that the Board approve to Y-Rate the salary, which would not result in a cost savings nor reduce the salary consistent with the classification change, or place the incumbent at a particular salary step in the salary range.

Please note that six of the class specifications presented in this item are used throughout the County; therefore, these class specifications may be presented again, as additional revisions may be recommended by departments and/or unions in subsequent phases. These classifications are identified as "County-Wide Classifications".

County-Wide Classifications:

- Administrative Analyst I/II*
The revised class specification was recently adopted by the Board. However, Human Resources is requesting that the version presented in this Board item be adopted which includes an experience pattern for the I-level as well as a substitution pattern. Having both of these will allow for the recruitment to yield additionally qualified candidates, but it also provides a career path for County employees.

- Office Assistant I/II**

Public Defender's Office

Allocation Changes:

***Proposed Downward Reclassification: Two (0.5 FTE) positions will be reclassified from Legal Office Assistant I/II to Office Assistant I/II. Both incumbents will be placed at the Office Assistant II level; one incumbent's salary, currently at step 5, will be Y-Rated. The other incumbent is currently at step 2 of the Legal Office Assistant I salary range and will be placed at Step 2 of the Office Assistant II salary range, which are identical.*
