FUNDING: Library Taxes and General Fund.

DISCUSSION / BACKGROUND

The Library has contracted with SirsiDynix since 2002 to provide software that manages library services. Approval of Amendment III to add the Standard Interchange Protocol 2.0 (SIP2) interface will enable the Library to use EnvisionWare subscription software to manage public computer use and public printing at all Library locations. Funding is included in FY 2018-19 budget to add this service.

ALTERNATIVES

The Board could choose to not approve the amendment, however, there are no other viable solutions for managing public use of library computers.
