HEARING - To consider the adoption of Resolution **072-2019** for the 2019 Traffic Impact Mitigation Fee Schedule Annual Update. (Est. Time: 30 Min.)

FUNDING: Traffic Impact Mitigation Fee Program.

DISCUSSION/BACKGROUND

On December 6, 2016, the Board adopted the Major Update to the Capital Improvement Program (CIP) and TIM Fee Program as required by the General Plan and in compliance with state law. The 2016 Major Update to the CIP and TIM Fee Program was adopted by Resolution 191-2016.

Resolution 191-2016 states, in part, "said fees shall be adjusted annually by an increase or decrease in the project costs by updating improvement cost estimates using actual construction costs of ongoing and completed projects, the most current cost estimates for those projects that are far enough along in the project development cycle to have project cost estimates, and for all other projects, the Engineering News-Record Building Cost Index." Additionally, County Ordinance No. 5045 states, in part, "Fees shall be adjusted annually by an increase or decrease by either actual project costs or by Engineering News-Record (ENR) Building Cost Index, as appropriate. TIM Fees shall be set and updated by a resolution as adopted by the Board, and administered via a TIM Fee Administration Manual."

The purpose of today's hearing is to adopt the 2019 Annual Update to the TIM Fee Program, which adjusts project costs. Attachment A contains a detailed description of the updated cost estimates.

ALTERNATIVES

Ordinance 5045 requires that the Board adjust the fees annually to reflect changes in construction costs. Any concerns, issues or questions about the TIM Fee program can be addressed during the

next major update.

PRIOR BOARD ACTION

On December 6, 2016, the Board adopted the Major Update to the CIP and TIM Fee Program. An extensive background on the CIP and TIM Fee Program was provided as part of the September 22, 2015, December 7, 2015, February 23, 2016, and April 19, 2016 Board study session materials (see Legistar 14-0245, Attachments 9A, 13A, 15A, and 16A). The TIM Fees have been adjusted twice since the 2016 Major Update, on December 12, 2017 (see Legistar 17-1284) for the annual update, and on June 26, 2018 (see Legistar 18-0733) for a Technical Update to address changes of methodology in the latest edition of the *Highway Capacity Manual*.

OTHER DEPARTMENT/AGENCY INVOLVEMENT

- Planning and Building Department, Long Range Planning
- Community Development Services Administration and Finance Division
- Chief Administrative Office
- County Counsel

CAO RECOMMENDATION

It is recommended that the Board approve this item.

FINANCIAL IMPACT

There is no change to Net County Cost associated with this agenda item. Funding for the TIM Fee Update is included in the adopted Fiscal Year 2018/19 budget and is provided by the TIM Fee Program. The TIM Fee Program Update establishes County priorities for available funding and ensures that new development pays their relative costs of necessary infrastructure.

CLERK OF THE BOARD FOLLOW UP ACTIONS

Clerk of the Board to provide a copy of the signed Resolution to the Department of Transportation.

STRATEGIC PLAN COMPONENT

TIM Fee funding is a major funding source for the CIP, which is a vital part of the Infrastructure component of the County Strategic Plan. Adequate infrastructure is necessary for the Economic Development component and is a requirement of the County General Plan. Safe roads are a crucial factor in the Public Safety component of the County Strategic Plan.
