DISCUSSION / BACKGROUND:

At the Board of Supervisors (BOS) Agenda meeting on May 17, 2016 (File ID 12-0544, Item 14), the Area Agency on Aging Fiscal Year (FY) 2016-2020 Area Plan (Area Plan) was presented and approved. The FY 2017-2018 annual Area Plan update was presented to the BOS on May 9, 2017 (File ID 12-0544, Item 17) and the FY 2018-2019 annual Area Plan update was presented to the BOS on May 15, 2018 (File ID 12-0544, Item 8). The FY 2019-2020 annual update is the third and final update for the current Area Plan.

The Commission on Aging (COA) is the advisory council for the Area Agency on Aging and is actively involved in all aspects of the 2016-2020 Area Plan. The Area Plan update was developed with input from the COA. The COA works with the Director of the Area Agency on Aging on community interests and issues faced by seniors in El Dorado County. The COA also assisted HHS staff in developing goals and objectives identified in this annual Area Plan update that addresses the needs and interests of older individuals in the community, including their caregivers.

The County is required to submit an annual update to the four-year Area Plan to the State in

accordance with California Code of Regulations, Title 22, Division 1.8. Chapter 3, Article, 3, Section 7304 to the California Department of Aging (CDA). The annual update must be approved by the Board of Supervisors, as the governing board of the El Dorado County Area Agency on Aging.

The required annual reports track progress toward meeting identified goals and the annual updates to the Area Plan allow for revision of objectives as necessary to reflect changing needs within the community. The Area Plan update also identifies upcoming changes to the demographic data collection questions.

The FY 2019-2020 update provides a description of significant accomplishments that occurred during FY 2018-2019 and provides guidance in FY 2019-2020 for the ongoing provision of senior services in El Dorado County.

The following accomplishments during FY 2018-2019 are described in the attached Area Plan update and include:
