DISCUSSION / BACKGROUND

In accordance with Board Policy Number C-17, departments are required to obtain authorization from the Board of Supervisors to utilize any contract that does not have a stated contract term on an annual basis. The Human Resources Department, Risk Management Division, has a Board approved contract with York Risk Services Group, Inc. which does not have a stated contract term. In addition, York has submitted a new pricing proposal with pricing reductions, the most significant of which is the Workers' Compensation Administration Fee. The annual cost has been reduced from \$208,233 to \$165,017, for a savings of \$43,216, with no impact to services provided to the County. The Human Resources, Risk Management Division is recommending the Board authorize the continued use of this agreement.

In September 2018, the County entered into a Primary Workers' Compensation (PWC) program wherein no new claims would be submitted to York Risk Services for claims management. However, a determination was made that it was necessary to obtain York as the claims third-party administrator

(TPA) for the administration, investigation, adjustment, utilization review, bill review and case management for tail claims (claims incurred prior to September 2018).

ALTERNATIVES

The Board could choose not to approve the agreement and Risk Management could find and use a different third party administrator for tail claims.
