Department of Transportation recommending the Board:

1) Approve and authorize the Chair to sign the First Amendment to Agreement for Services 4082 with American Pavement Systems, Inc. amending Exhibit A, Scope of Work, with no changes to the not-to-exceed amount or term; and

DISCUSSION / BACKGROUND

On August 13, 2019 (Item 6), the Board approved two (2) on-call Construction Service Agreements to provide various types of road surface treatments on County maintained roadways on the West and East Slope of the County on an as-needed basis as a result of a Request for Qualifications (RFQ) completed by Procurement and Contracts.

After the Agreements were fully-executed the Department of Transportation (Transportation) determined it would be beneficial and economical for micro-grinding specifications to be included in Exhibit A, Scope of Work. Micro-grinding will enhance the rideability on roadways prior to the application of a surface treatment. Both Amendments amend Exhibit A, Scope of Work, with no changes to the not-to-exceed amount or term on either contract.

ALTERNATIVES

The Board could choose not to approve the Amendments for each Contractor. This would prevent Transportation from using a micro-grind prior to completing surface treatments to increase the rideability of county roadways.
