Chief Administrative Office recommending the Board review the membership of the Fire and Emergency Medical Services ad hoc committee and take related action. (Est. Time: 10 Min.)

DISCUSSION / BACKGROUND

The Board established an ad hoc committee to work on issues related to fire and emergency medical services within the County. This committee coordinates with County staff and the fire and emergency medical service providers in the County toward the goal of continued, high quality and fiscally sustainable fire, emergency medical, and ambulance transport services. Supervisors Frentzen and Veerkamp are the current members of the committee. Due to the fact that both current members' terms will end in December, 2020, staff recommends that one member be replaced with a Board member whose term continues beyond 2020. This will provide continuity on the committee and allow time for the remaining member to bring the new member up to speed.

ALTERNATIVES

The Board could choose to retain the current committee membership and select two new members in January, 2021.
