STRATEGIC PLAN COMPONENT

Long range planning efforts regarding land use and housing support the County's Strategic Plan goals of Good Governance, Healthy Communities and Economic Development. As shown on the Long Range Planning Project Prioritization Matrix (Page 10 of Staff Memo), most of the Long Range Planning projects support Good Governance by meeting State mandates or General Plan requirements. Housing projects support Healthy Communities by providing mechanisms to achieve sufficient and attainable housing for all El Dorado County residents. The provision of more ranges of housing options also supports Economic Development by improving the jobs to housing balance.
