### DISCUSSION / BACKGROUND

Chapter 3.28 of Title 3 of the El Dorado County Ordinance Code describes the services and products which the Treasurer-Tax Collector provides on a fee basis. California Government Code Chapter 12.5 County Fees, Section 54985, authorizes the Board of Supervisors to "recover the cost of providing any product or service . . ." (Attachment A). However, the Treasurer-Tax Collector Department has seen an increase in the cost to deliver the services since the adoption of the current fee schedules.

The Board provided direction to departments during the budget addenda process in 2015, to review and provide budget recommendations related to fee structures, with the goal of more closely aligning fees with the costs of providing services. In May 2018, the County released a Request for Proposals for a Multi-Department Fee Nexus Study. After a review of proposals submitted, the Treasurer-Tax Collector Department entered into a contract with ClearSource Financial Consulting to conduct a Fee

Study (Attachment B). Costs considered in the study include personnel, supervision, overhead costs, equipment and other indirect costs.

The results of the Study are the fee adjustment recommendations contained in the draft Ordinance at Attachment C. Those fees that are not mandated by statute are recommended for adjustment to fully recover the County costs to provide the services. If these fee increases are approved, the resulting annual revenue increase will be approximately \$430,000 provided the service levels estimated in the study are maintained in the future.

Additionally, a small number of new fees are recommended due to new procedures in the Department. For instance, the DMV Hold Fee is part of the Department's increased efforts to collect unsecured defaulted taxes. Another recommended change is due to implementation of the Megabyte Property Tax System and the change from "Assessor's Parcel Number (APN)" to "Fee Parcel Number (FPN)." Finally, a number of fees were incorrectly classified and are recommended for correction.

Lastly, the proposed amendment incorporates the Business License Fee Schedule within the County Ordinance Code. Historically, the Business License Fee Schedule was adopted by Resolution. Incorporating it into the Ordinance Code will achieve greater public accessibility.

If the Board approves the recommendation for the amendment, the Treasurer-Tax Collector Department will return to the Board with a first reading of the amended ordinance

## **ALTERNATIVES**

The Board could choose not to approve this recommendation and continue to supplement Treasurer-Tax Collector products and services with General Fund dollars.
