DISCUSSION / BACKGROUND

Serrano Village M3, Unit 1 Final Map would create a total of 28 residential lots and two

miscellaneous lots (Exhibit C). Village M3 is a part of the original Serrano Village M2/M3 (TM01-1381-R) Tentative Map, which was approved in February of 2006 by the Planning Commission. A minor revision of the tentative map (TM01-1381-R-5) was approved by the Planning Commission on June 8, 2017.

Staff has reviewed the final map for compliance with the tentative map conditions of approval and noted that all of the applicable conditions have been satisfied (Exhibit E). Affected agencies/departments, including Transportation Department, County Surveyor's Office and El Dorado Hills Fire Department, have reviewed, verified compliance with the conditions, and recommended approval of the Final Map.

Improvement Agreements and Bonds: The applicant has submitted an Agreement to Make Subdivision Improvements and bonds pursuant to Section 120.16.050 of the County Code. The Transportation Department has reviewed and approved the cost estimates. County Counsel and Risk Management have reviewed and approved the Improvement Agreement and bonds for the subdivision.

For consideration of the Board, Conditions for Acceptance of Drainage Easements and Roads for continued maintenance of these facilities by the applicant has been reviewed and approved by the Transportation Department.

Water/Wastewater: The El Dorado Irrigation District has provided a Meter Award Letter confirming that the applicant has acquired the required Equivalent Dwelling Units (EDU's) for water and wastewater to serve all of the 28 residential lots (Exhibit G).

Environmental Review: The review of the Final Map is a ministerial process and is Statutorily Exempt from environmental review under Section 15268(b)(3) of the California Environmental Quality Act (CEQA) Guidelines.
