DISCUSSION / BACKGROUND:

Health and Human Services Agency (HHSA) recommending the Board approve and authorize the Chair to sign Agreement for Services #5298 with California Psychiatric Transitions, Inc. (CPT) for the provision of long-term residential treatment for mentally ill adults as HHSA needs to provide and maintain capacity for residential treatment services at the higher level of acuity, available through CPT.

Additionally, HHSA has determined that services provided pursuant to this Agreement #5298 satisfy

the criteria defined in Chapter 3.13, Section 3.13.030 of the County Ordinance in that the work performed under this Agreement requires specialty skills and qualifications not expressly identified in County classifications to be involved in the performance of the work and the County has neither the staff nor facilities to provide long-term residential treatment for mentally ill adults.

CPT is a 24/7 Mental Health Rehabilitation Center (MHRC), licensed by the Department of Health Care Services (DHCS), located in Merced County, that has been providing long-term residential psychiatric treatment for County adults since March 7, 2008. CPT provides treatment services for multiple acuity levels and provides an alternative to State hospital placements for individuals who meet the eligibility criteria established by CPT. CPT also operates a facility that addresses the needs and concerns for individuals who have been court-ordered to a diversion program or have committed felonies/misdemeanors and are currently unable to stand trial (i.e., incompetent to stand trial as per California Penal Code). Services are provided on an “as requested” basis.

In accordance with Board of Supervisors Policy C-17, Section 7.11, “Contracts over \$100,000,” prior to finalizing this Agreement #5298 with California Psychiatric Transitions, Inc., HHSA sought and received a review of the scope of services and the contractor’s professional qualifications by a group of individuals qualified to judge the contractor’s ability to perform the services, including one representative from outside the department requesting the services.

ALTERNATIVES:

Disapproval of Agreement for Services #5298 will result in the inability of HHSA to comply with court orders related to diversion programs, diminish the ability for HHSA to meet the service demands of the community, and disrupt the service plans of clients who may already be receiving residential services from this vendor.
