DISCUSSION / BACKGROUND

Department of Transportation, Maintenance and Operations Division (Transportation), is requesting to purchase one (1) backhoe, one (1) skidsteer, one (1) flail head mower attachment, two (2) sander brine tanks, and one (1) brine sander combo. These pieces of equipment are replacing existing equipment that is dated and no longer meets Transportation's needs. All of the equipment is currently on the Fixed Asset List for Fiscal Year (FY) 2021-22.

The County Purchasing Ordinance, Section 3.12.160, describes exceptions that may be made to the competitive bidding process. The purchase of all the fixed assets falls under (D) of this section, which requires that the items may be procured from a vendor that has a contract with another public agency; that the contract was awarded utilizing a competitive bidding process substantially the same as the County's; and that the item and terms of the transaction are the same, or substantially the same. For this purchase, the Department is able to utilize the Sourcwell competitively-bid Contract 052417-DMM and Sourcwell competitively-bid Contract 032119-JDC with Pape Machinery of Sacramento CA, for the purchase of one (1) backhoe, one (1) skidsteer, and one (1) flail head mower attachment. Transportation is also able to utilize the Sourcwell competitively-bid Contract 080818-HEN with Enoven Truck Body & Equipment of Sacramento CA, for the purchase of a total of three (3) brine sander units.

ALTERNATIVES

The Board may elect to not approve the purchase of the fixed assets as proposed, although this would leave Transportation with inadequate equipment to efficiently perform road maintenance across the County.
