DISCUSSION / BACKGROUND

On June 22, 2021, the Board adopted and approved the Bid and Specifications and authorized advertisement for Public Works JOC Bid Numbers 21-968-052, 21-968-053, and 21-968-054 with the Intent to award three contracts to the three lowest responsive, responsible bidders in each class for a

not-to-exceed amount of \$2,500,000 for each contract.

Job Order Contracting (JOC) is a procurement process that helps government entities complete a large number of repairs, maintenance, and renovation projects with a single competitively bid contract. Unlike traditional bidding, where each project is identified, designed, and put out to bid, JOC establishes competitively bid prices up front and eliminates the need to separately bid each project.

Contractors competitively bid unit prices. The overall contract amount (the sum of the individual projects) is expressed in a wide dollar range, such as \$10,000 to \$1,000,000. Once the contract is in place, the Facilities Division may have the contractor perform a series of individual projects as separate job orders and the prices do not require negotiation. The contractors are paid the pre-set unit prices multiplied by the competitively bid adjustment factor. This greatly reduces changes orders and disputes.

Six Bids were received and two were disqualified. Mesa Energy Systems, Inc., PRIDE Industries One, Inc., and CNW Construction, Inc. were the three lowest responsive, responsible.

Pursuant to the Conditions of the Contract, Section 6.4, "Withhold from Payments," of the Contract Documents, the County may retain five percent (5%) of the value of the work done from each Contractor payment (excluding mobilization payments) as security for the fulfillment of the Contract. Alternatively, Public Contract Code (PCC) Section 22300 provides that the Contractor may request that payment of retentions earned be made directly to an Escrow Agent. The Contractor will receive the interest earned on the investment.

ALTERNATIVES

The Board could decline to award these bids and the Division would not have a JOC program.
