DISCUSSION / BACKGROUND

Department of Transportation, Maintenance and Operations Division (Transportation) is requesting approval of Rental Agreement #6068 with the Lessor for temporary housing located at 7046 Miami Avenue in Tahoma. Transportation has historically provided temporary housing for snow removal crews in the Tahoma area for over twenty years and South Lake Tahoe area for the past couple of years during heavy snowstorms.

Transportation works twenty-four (24) hour shifts to keep the roads plowed and sanded for public safety. During periods of significant snowfall, it is necessary for Transportation to send staff from South Lake Tahoe and Placerville to Tahoma, possibly for several days to weeks at a time. Housing must be provided for the crews to accommodate highway closures and work schedules. Depending on the size of the crews, there could be a need for multiple rooms and recent experience has shown that it is difficult, if not impossible, to find available hotels in Tahoma during a snow event. The lack of availability and cost makes a house rental a more dependable and economical option.

ALTERNATIVES

The Board may choose not to approve the rental agreement. Without the rental agreement to facilitate temporary housing, alternative methods would need to be identified, in addition to associated costs.
