DISCUSSION / BACKGROUND

The 2021 West Slope Various Pavement Rehabilitation Projects (Project) provided roadway failure repair to designated pavement sections on Sawmill Road, Carson Road, Greenstone Road, Greenstone Cutoff and Mosquito Road in preparation for surface treatments in the 2021 construction season. Work included paving approximately 386,070 square feet of asphalt, and bringing all existing non-standard curb ramps, within the Project area, up to current standards due to current Americans with Disabilities Act (ADA) requirements and regulations. The contract for the Project was approved by the Board on June 8, 2021 (Legistar# 21-0860, Item 40). All roadway repairs were completed by August 20, 2021. Recordation of the Notice of Acceptance (NOA) will start legal time frames for guarantees, a lien period, and return of retention monies. Recordation of the NOA will also start the one-year time frame for releasing the Payment and Performance Bonds to the Surety.

Direct Construction Cost Summary:

Original Bid Price \$1,169,690.72
Contract Item Cost \$1,162,185.70
Contract Change Order Cost \$8,967.52
Total Direct Construction Cost \$1,171,153.22
Direct Construction Budget \$1,462,103.40

Contract Change Orders on the Project dealt with the following:

- ADA Curb Ramps in the Bar J area of Cameron Park

ALTERNATIVES

The Board could choose not to approve the NOA. Transportation staff would make modifications as directed by the Board and return for Board approval of the NOA. This would delay the release of the Payment and Performance Bonds and extend the Contractor's warranty period.
