Legislation Details

File #: 09-1327 **Version:** 1

Type: Agenda Item **Status:** Approved

File created: 10/16/2009 **In control:** Board Of Supervisors

On agenda: 11/10/2009 **Final action:** 11/10/2009

Title: Environmental Management Department recommending the Board authorize the Department, upon County Counsel and Risk Management approval, to release the bid documents for the Construction Closure work as related to the cap system construction of the Meyers Landfill project scheduled for the summer of 2010.

FUNDING: There is no change in Net County Cost. Through the pending Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) litigation, the County has contributed money for site investigation obtained from the County's insurance carriers which has been beneficial in development of the site closure design, and will contribute further funds for closure of the site through money from insurance carriers and Third Party Settlements. In addition, the County has applied for grant funding with the California Integrated Waste Management Board with an anticipated award date of late November. If adequate funding is not secured from the insurance carriers this Request for Bid may be cancelled.
