Assessor's Office and Information Technologies Department recommending the Board approve and authorize the Chair to execute Amendment II to Agreement 467 with Megabyte Systems, Inc., adding the Just Appraised Application Programming Interface Module.

FUNDING: General Fund.

DISCUSSION / BACKGROUND

In January 2016, the Board Chair executed Agreement 467 with Megabyte Systems, Inc. to provide the County with a Property Tax Management System. With Amendment II to Agreement 467, the Just Appraised Ownership Transfer Application Program Interface (API) will be added for the Assessor's Office. Amendment II updates the Scope of Services and Maintenance Pricing Schedule incorporated into the agreement. The one-time implementation cost of the Just Appraised module is \$17,500. This application has an annual licensing and support fee, which will be \$3,000 starting in Fiscal Year (FY) 2022-23.

Pursuant to Policy C-17, Agreement 467 does not have a stated end date and as such, has come before the Board annually for renewal. The recommended approval of the renewal was last included on item 21-1418 in October 2021.

ALTERNATIVES

Should the Board decline to approve this amendment, the Assessor would not be able to use the Just Appraised Ownership Transfer API module.
