Department of Transportation recommending the Board consider the following for acquiring right of way for the Diamond Springs Parkway Phase 1B, Capital Improvement Program Project number 72334 / 36105011:

- 1) Approve and authorize the Chair to sign the Acquisition Agreement for Public Purposes and the Certificate of Acceptance accepting Grant Deed, Grant of Slope and Drainage and Public Utility Easement, and Grant of Temporary Construction Easement with Placerville Mini Storage, LLC, a California limited liability company, for Assessor's Parcel Number 327-270-018. The Fee and Easement acquisitions provide the right-of-way necessary to construct the Project, at a cost of \$2,055,000;
- 2) Approve and authorize the Chair to sign the Certificates of Acceptance accepting the Grant Deed and Easements from Seller;
- 3) Authorize the Department of Transportation Director or designee to execute the escrow

instructions and any other related escrow documents pertaining to the transaction, including payment of title and escrow fees, which are estimated to be \$2,500;

4) Authorize the Department of Transportation Director or designee to extend the date of closure of escrow upon mutual agreement of both parties, if necessary; and

5) Authorize the Department of Transportation Director, or designee, to approve separate payments to the tenants who have been displaced and relocated due to the partial acquisition of this property.

**FUNDING:** Master Circulation and Funding Plan (MC&FP) (88%), and Traffic Impact Mitigation Fees - Zone 1-7 (12%).

## **DISCUSSION / BACKGROUND**

The two-phase Diamond Springs Parkway Project (Project) was approved as part of the Master Circulation and Financing Plan in December of 1998 and will provide improved traffic circulation and safety through and around the historic town of Diamond Springs. Phase 1A has completed construction and was the first of two phases necessary to complete the entire Project.

Construction of Phase 1A began in June of 2019 and was completed in February 2022. Construction of Phase 1B is anticipated to begin in 2023.

The Project is included in the Department of Transportation's (Transportation) 2022 Capital Improvement Program (CIP).

Phase 1B will include: constructing a new connector road from Missouri Flat Road to State Route (SR) 49, signalization of three new intersections, necessary changes to turn lane capacity, sidewalk improvements for pedestrian mobility, and construction of a new parking lot adjacent to the El Dorado Trail. The Project's right-of-way phase for 1B will impact 25 parcels held by 13 property owners.

Negotiations on this acquisition began with the previous owner, Missouri Flat Self Storage, LLC dba Gold Key Storage Placerville. The property was sold on October 27, 2021, and negotiations resumed with the new owner, Placerville Mini Storage, LLC (Seller).

Due to the acquisition of this property for the Project, several tenants renting space and storage units from Placerville Mini Storage, LLC will be entitled to relocation benefits that include moving expenses. Transportation's consultant, Bender Rosenthal, Inc., specializes in relocation benefits and is currently working with these tenants. Future claims for relocation benefits will be negotiated between the consultant, tenants, and Transportation. Upon mutual agreement, reimbursements for these expenses will be issued to the tenants upon approval by the Director of Transportation or designee.

## **ALTERNATIVES**

If the Acquisition Agreement is not approved, the County will not be able to acquire this necessary right of way for the proposed Project, and the Project will not proceed as planned.
