## **DISCUSSION / BACKGROUND**

Two (2) fleet full-size vans have met the County criteria for replacement and have been included on the Fixed Asset list for Fiscal Year 2022-23. The one (1) additional full-size van is being requested to be added to the Fixed Asset list for Fiscal Year 2022-23 due to mechanical failure. The replacement vehicles consist of three (3) full-size vans of various configurations due to the needs of the Sheriff's Department, Probation and Weatherization.

The function served by each vehicle is critical to the operation of the Department for which it is assigned. Department needs cannot be met through the redistribution of underutilized vehicles.

The County Purchasing Ordinance, Section 3.12.160, describes exceptions that may be made to the competitive bidding process. The purchase of these fixed assets falls under (D) of this section, which requires that the item may be procured from a vendor that has a contract with another public agency; that the contract was awarded utilizing a competitive bidding process substantially the same as the County's; and that the item and terms of the transaction are the same, or substantially the same. For these purchases, the Department is able to utilize the Sourcewell competitively-bid Contract 091521-NAF National Auto Fleet Group of Watsonville, California, for the purchase of three (3) vehicles. Comparative market analysis pricing was requested from multiple dealerships that had previously responded to County vehicle bids. No responses were received as other dealerships are unable to match pricing or vehicle configuration requirements.

## **ALTERNATIVES**

The Board could choose not to approve the purchase of the vehicles; however, the use of vehicles that are over target miles may result in unsafe conditions or additional maintenance costs incurred to repair such vehicles.
