### DISCUSSION / BACKGROUND

The Bass Lake North Final Map would create a total of 90 residential lots ranging from 0.18-acres to 7.48-acres in size and five (5) miscellaneous lettered lots (Attachment E, Exhibit C). This Final Map conforms to the approved Bass Lake North Tentative Subdivision Map approved by the Planning Commission on January 26, 2017, and encompasses the entirety of the approved tentative map (Attachment E, Exhibit D).

On February 28, 2017 (Legistar File 17-0088, Item No. 9) the Board of Supervisors approved the

Bass Lake North Tentative Subdivision Map. The approval was accompanied by certification of conformance to the Bass Lake Specific Plan Environmental Impact Report (EIR), adoption of a rezone, and the execution of a Development Agreement.

As noted in the Conformance to Conditions Report (Attachment F), verifies compliance of the final map with the tentative map conditions of approval. Affected agencies/departments, including County Department of Transportation (DOT), County Surveyor's Office, and El Dorado Hills Fire Department, have reviewed, verified compliance with the conditions, and recommended approval of the Final Map.

Improvement Agreements and Bonds: The applicant has submitted an Agreement to Make Subdivision Improvements and bonds pursuant to Section 120.16.050 of the County Code. DOT has reviewed and approved the cost estimates. County Counsel and Risk Management have reviewed and approved the Improvement Agreement and bonds for the Bass Lake North subdivision.

Water/Wastewater: The El Dorado Irrigation District has provided a Meter Award Letter confirming that the applicant has acquired the required 94 Equivalent Dwelling Units (EDUs) for water and 90 EDUs of wastewater to serve all of the residential lots (Attachment E, Exhibit E).

Environmental Review: The review of the Final Map is a ministerial process and is Statutorily Exempt from environmental review under Section 15268(b)(3) of the California Environmental Quality Act (CEQA) Guidelines.
