Department of Transportation recommending the Board approve and authorize the Chair to sign a budget amendment increasing revenue and appropriations to allow for the use of \$175,000 in developer funds to complete a grind and pavement overlay on the upper segment of Bass Lake Road (4/5 vote required).

FUNDING: Bass Lake Special Revenue Fund (3670729).

DISCUSSION / BACKGROUND

On September 17, 2017(Legistar 16-0195, Item 22), the Board approved a Development Agreement (Agreement) with Lennar Winncrest, LLC (Developer) for the Hawk View Residential Project. The Agreement included a requirement that the Developer complete a grind and pavement overlay on the upper segment of Bass Lake Road, with the option to allow the Developer to pay the County to complete the work. The Developer selected the option to pay the County and the funds were placed in a special revenue fund.

The Department of Transportation (Transportation), completed the grind and pavement overlay work this fall. At the time the FY 2022-23 budget was prepared, an operating transfer from the special revenue fund to Transportation was not included. A budget transfer is required to allow for Transportation to be reimbursed for the work that has been completed on Bass Lake Road.

ALTERNATIVES

If the Board chose not to approve this budget transfer, the Road Fund would not be reimbursed and the Developer funds would not be used for the work required by the Agreement. Should the Developer funds not be utilized within the time frame initially agreed upon, they will need to be returned to the Developer.
