Department of Transportation recommending the Board approve and authorize the Chair to sign a budget transfer establishing revenue and appropriations in the amount of \$22,270 for a new special revenue fund to collect deposits for road permits for wide loads. (4/5 vote required)

# FUNDING: Road permit fees. DISCUSSION / BACKGROUND

Department of Transportation collects fees for road permits. Larger companies that have frequent permit needs for wide loads on the roadways will provide a deposit for future permits to simplify their process. When a permit is pulled, the deposit funds are transferred into operating revenues.

These funds have traditionally been deposited into a trust account, but due to recent guidance from the County's external auditor, the funds were transferred into a special revenue fund. This change happened after the budget process, and therefore a budget was not established. A budget transfer is necessary to allow the Department to recognize the revenue.

#### **ALTERNATIVES**

The Board could choose not approve the budget transfer, and the Department would not be able recover the cost of the permits.

#### PRIOR BOARD ACTION
