DISCUSSION / BACKGROUND

The Cooperative Law Enforcement Agreement between the El Dorado County Sheriff and the United States Forest Service (USFS) outlines the general parameters of the working relationship between

the two agencies for the enforcement of state and local laws in connection with activities on USFS lands and provide for reimbursement to the County for this effort.

Approval of this recommendation will allow the Sheriff's Office to be reimbursed for services provided in accordance with Exhibits A and B upon approval by your Board through August 5, 2028.

Specifically, patrol services provided during this period will be reimbursed based on Deputy and/or Sergeant time worked and mileage for patrol of USFS land up to the total amount of \$12,000, \$7,000 of that for El Dorado National Forest patrols and \$5,000 for Lake Tahoe Basin Management Unit patrols. Narcotics enforcement services will be reimbursed based on Deputy and/or Sergeant time worked, mileage, helicopter flight time, and supplies or equipment purchased in order to suppress manufacturing and trafficking of controlled substances on USFS lands up to the amount of \$25,000.

In past years, the agreement with USFS was for a one-year term and contract negotiations and processing caused the agreement to be approved retroactively each year or have gaps in time where services could not be provided to USFS. This agreement now has a five-year term and USFS will notify the Sheriff's Office each year of the annual not-to-exceed amount. This will help in ensuring continuity of services provided to USFS.

ALTERNATIVES

The Board could choose not to approve this agreement; however, this is a revenue generating agreement and promotes goodwill and collaboration with the USFS to patrol USFS lands.
