#### **DISCUSSION / BACKGROUND**

In September 2018, the County entered into a Primary Workers' Compensation (PWC) program wherein no new claims would be submitted to Sedgwick for claims management. However, a determination was made that it was necessary to obtain Sedgwick as the claims third-party administrator (TPA) for the administration, investigation, adjustment, utilization review, bill review and case management for tail claims (claims incurred prior to September 2018).

File #: 23-1248, Version: 1

In accordance with Board Policy C-17 Procurement Policy, departments are required to obtain authorization from the Board of Supervisors to utilize any contract that does not have a stated contract term on an annual basis and is above Purchasing Agent authority. The Human Resources Department, Risk Management Division, has a Board approved Agreement 3360 with Sedgwick which does not have a stated contract term. When Amendment IV to Agreement 3360 was in process, CAO Fiscal was advised by County Counsel and Procurement & Contracts to initiate a new agreement with Sedgwick rather than continuing to amend perpetual Agreement 3360.

The Human Resources, Risk Management Division is recommending the Board authorize Sedgwick to continue providing third-party administrator services for Workers' Compensation tail claims under a new perpetual Agreement 7803. As tail claims continue to close, Sedgwick has submitted a new pricing proposal for the Workers' Compensation Administration Fee with an annual cost of \$111,050 for the period of November 1, 2023, through October 31, 2024.

#### **ALTERNATIVES**

The Board could choose not to approve the agreement and Risk Management could find and use a different third-party administrator for tail claims.
