DISCUSSION / BACKGROUND:

HHSA Community Services Division Area Agency on Aging (AAA) operates the Senior Legal Program which provides legal services to residents of El Dorado County who are at least 60 years of age and older. HHSA Senior Legal Program is committed to protecting the independence and dignity of our community's seniors and promoting financial, social, and economic self-reliance through efficient, effective, high-quality legal assistance, education and general advocacy for their needs and rights.

Abacus Data Systems, Inc., provides AbacusLaw automation software which is designed for law firms for managing legal workflows. HHSA Legal Services utilizes this SaaS for task management, calendaring, timekeeping, case matter, and document management functions for legal practices. This SaaS has been utilized in the Senior Legal Program for approximately 15 years.

This proposed Purchase Contract 7741 with Abacus Data Systems, Inc., is a renewal of Purchase Contract 5775 to provide continued SaaS services to HHSA, which was approved by the Board on June 29, 2021, and had a term that expired June 28, 2023 (File 21-0955).

Due to delays during the contract renewal process, the Purchase Contract renewal was unable to be executed prior to the expiration of the previous agreement. The Contractor did not remove Senior Legal Program's access to AbacusLaw due to the pre-existing relationship and the program's continued need of the SaaS. Consequently, HHSA is requesting this Purchase Contract to start retroactively on June 29, 2023, to cover the SaaS usage provided since the prior agreement's term date. If this Purchase Contract is not retroactive to June 29, 2023, then Abacus cannot be paid for the services they provided during this time.

HHSA recommends the Board approve Purchase Contract 7741 with the retroactive start date to ensure continuation of necessary Senior Legal software services without any service interruption.

ALTERNATIVES:

Should the Board decline to renew the Purchase Contract for the continuous use of AbacusLaw SaaS by HHSA Senior Legal Program, HHSA would lose access to the task management, calendaring, timekeeping, case matter and document management functions utilized by the program for approximately 15 years. Subsequently, should the Board decline to approve of the retroactive start date for this agreement, the Contractor will not be paid for services provided after the prior Purchase Contract expired.
