Legislation Details (With Text)

File #: 10-0086 **Version:** 1

Type: Agenda Item **Status:** Approved

File created: 1/26/2010 **In control:** Board Of Supervisors

On agenda: 2/23/2010 **Final action:** 2/23/2010

Title: Chief Administrative Office, Procurement and Contracts Division, recommending the Board:
1) Authorize the Purchasing Agent to issue a purchase order to Kodiak America, LLC of Burley, Idaho, in the amount of \$128,334.64, plus applicable sales tax, for the purchase of four replacement snow blower axles; and
2) Authorize the Purchasing Agent to increase the purchase order on an "as needed" basis for miscellaneous parts necessary for installation or additional freight charges, as long as funding is available within the requesting department's budget.

FUNDING: Road Fund.

Chief Administrative Office, Procurement and Contracts Division, recommending the Board:
1) Authorize the Purchasing Agent to issue a purchase order to Kodiak America, LLC of Burley, Idaho, in the amount of \$128,334.64, plus applicable sales tax, for the purchase of four replacement snow blower axles; and
2) Authorize the Purchasing Agent to increase the purchase order on an "as needed" basis for miscellaneous parts necessary for installation or additional freight charges, as long as funding is available within the requesting department's budget.

FUNDING: Road Fund.

BUDGET SUMMARY:		
Total Estimated Cost		\$138,922.25
Funding		
Budgeted	\$138,922.25	
New Funding	\$	
Savings	\$	
Other	\$	
Total Funding Available	\$138,922.25	
Change To Net County Cost		\$0.00

REASON FOR RECOMMENDATION: Some of the nine snow blowers used by the Department of

Transportation in Tahoe are quite old; however, it is not feasible for the Department to replace them at this time at a cost of \$600,000 each. In the course of snow removal operations, snow blower axles sometimes break. It is not possible to purchase replacement axles for the aging equipment as the existing axle systems are no longer manufactured. Consequently, when replacing axles, it is necessary to upgrade to a new system of axles. The Department of Transportation has determined it would be prudent to replace and upgrade the axle systems on two of its snowblowers as a preventive maintenance measure. The axles that will be removed will be retained as emergency back up replacements for other snow blowers in the event an axle should break.

The axle assemblies are heavy equipment parts and fall under the exemption from competitive bidding provision in Board of Supervisors resolution #142-2001; however, the Department of Transportation solicited quotes for the purchase of four new snow blower axles, and Kodiak America is the only vendor that produces these replacement axles. The cost of the four axle assemblies will be \$128,334.64 plus tax, delivered, per the attached quote from Kodiak America (The quote names the vendor as "Kodiak Northwest"- the vendor's name has recently changed).

FISCAL IMPACT/CHANGE TO NET COUNTY COST: Procurement and Contracts has been advised that funding is available within the Department of Transportation's budget. Road Fund.

ACTION TO BE TAKEN FOLLOWING APPROVAL: Following Board approval, the Procurement and Contracts division will issue a purchase order in the amount of \$128,334.64, plus tax to Kodiak America, LLC.
