### DISCUSSION / BACKGROUND

The Silver Spring Unit 3 Final Map (TM-F23-0005) would create a total of 47 residential lots and 3 lettered lots (Attachment E, Exhibit C). The Silver Springs Unit 3 Final Map is based on the Silver

Springs Tentative Subdivision Map (TM97-1330) originally approved by the Board of Supervisors on December 15, 1998 (Agenda Item No. 82), subsequently modified by the Planning Director through approval of a substantial conformance on May 24, 2009 (Attachment E, Exhibit D), and the Silver Springs Phasing Plan (Attachment E, Exhibit E).

The original expiration of TM97-1330 (Silver Springs) was December 15, 2001. However, the project has benefited from numerous legislative extensions, has exhausted all six one-year discretionary extensions, and Silver Springs Phase 1 was approved by the Board of Supervisors on September 26, 2006 (File No. 06-1539, Item No. 15) extending the map for 36 months, resulting in an expiration date of March 2, 2024. Approval of the Silver Springs Unit 3 Final Map will extend the life of the tentative map for an additional 48 months, resulting in an expiration date of March 2, 2028 (Gov't Code Section 66452.6.a.1).

The Conditions of Approval Conformance Verification document (Attachment F) verifies compliance of the final map with the tentative map Conditions of Approval. Affected agencies/departments, including the Department of Transportation (DOT), County Surveyor's Office, and Rescue Fire Department have reviewed and verified compliance with the Conditions of Approval and recommended approval of the Final Map.

**Improvement Agreements and Bonds:** The applicant has submitted an Agreement to Make Subdivision Improvements (Attachment B) and bonds pursuant to Section 120.16.050 of the County Code. DOT has reviewed and approved the cost estimates. County Counsel and Risk Management have reviewed and approved the Improvement Agreements for both onsite subdivision improvements and offsite road improvements (Attachments B & C) and bonds for Silver Spring Unit 3.

**Water/Wastewater:** The El Dorado Irrigation District has provided a Meter Award Letter confirming that the applicant has acquired the required Equivalent Dwelling Units (EDUs) for water and wastewater to serve the 47 residential lots (Attachment E, Exhibit F).

**Environmental Review:** The review of the Final Map is a ministerial process and is Statutorily Exempt from environmental review under Section 15268(b)(3) of the CEQA Guidelines.
