Budgeted	\$0	
New Funding	\$293,654	
Savings	\$	
Other	\$	
Total Funding Available	\$293,654	
Change To Net County Cost		\$0

Fiscal Impact/Change to Net County Cost: No impact to Net County Cost. This grant would provide funding in the amount of \$293,654.

Background: On April 13, 2010, the Board approved grant documents for one-time funds through the American Recovery and Reinvestment Act (Recovery Act) of 2009, being distributed by the California Emergency Management Agency (Cal EMA) in conjunction with the Department of Alcohol and Drug Programs (ADP). These one-time funds are designated to be used to provide substance abuse treatment for criminal offenders convicted of nonviolent drug offenses in the Offender Treatment Program (OTP) in conjunction with a drug court model.

Via a letter from Cal EMA dated February 1, 2010, the County received notice of Cal EMA's intent to grant the award in the amount of \$293,654 pending final processing of the grant documents for the term of October 1, 2009 through March 31, 2011.

Due to the retroactive nature of the grant term, and the need to expedite development and implementation of the program, the Department is presenting this budget transfer request to the Board based on the letter of intent (attached hereto as Attachment B). After careful review and consideration, the Department has determined that sufficient funds are available in the FY 2009-10 Alcohol/Drug program budget to provide for initial development and implementation activities in the unlikely event that final processing of the grant documents was not completed by Cal EMA.

Reason for Recommendation: Approval of this budget transfer request will allow program staff to begin development and implementation of the JAG-OTP Program to ensure conformity with grant guidelines.

Action to be taken following Board approval:

1. Board Chair to sign budget transfer.
2. Board Clerk's Office to provide authorized Budget Transfer Request to Auditor-Controller.
3. Auditor-Controller to post budget adjustments in County's financial management information system (FAMIS).
4. Health Services fixed asset list for FY 2009-10 to be updated to include the purchase of a new laptop, docking station and accessories, and the purchase of a docking station and accessories for an existing laptop.
