Background: Human Resources has calculated the salary increases required by El Dorado County Charter Section 504, County of El Dorado Modified Last Best and Final Offer with El Dorado County

Deputy Sheriff's Association, and by Resolution. Based on the comparison of the salaries of the three designated agencies, it has been determined that an increase of 3.42% for the classes of Sheriff's Sergeant and classes directly tied, and an increase of 3.58% for the classes of Deputy Sheriff I/II is warranted. The Deputy Sheriff's Association and Law Enforcement Managers Association have been advised of these computations. The new rates for the designated classes are effective January 1, 2011, the first day of the pay period. For the remainder of FY 10-11, the estimated cost is \$410,000. Impacted bargaining units have been notified of the salary adjustments.

Reason for Recommendation: The El Dorado County Charter, Section 504 requires the salaries of certain law enforcement/Sheriff's Department classes be set at least at the average of the City of South Lake Tahoe, the County of Amador, and the California Highway Patrol.

Classifications of Investigator (D.A.) and Senior Investigator (D.A.) are included pursuant to Memorandum of Understanding; Senior Investigator (Public Defender) is included pursuant to resolution #227-99; Chief Investigator (D.A) and designated Sheriff's Management classifications are included pursuant to Salary and Benefits Resolution Section 704; and Supervising Investigator (D.A.) is included to maintain internal salary relationships.

Our office has conducted the annual survey of the comparator agencies and the classifications (see attachments), and has determined that the classifications of Sheriff's Sergeant, Sheriff's Lieutenant, Sheriff's Captain, Undersheriff, Sheriff, Chief Investigator (D.A.), Supervising Investigator (D.A), and Senior Investigator (P.D.) will receive a 3.42% increase, and the classifications of Deputy Sheriff I/II will receive a 3.58% increase.

Action to be taken following Board approval: Staff will return with an appropriate budget transfer as necessary. Human Resources will work with Payroll and Information Technologies to ensure that appropriate rates are entered into the Payroll/Personnel System.
